Are you reinforcing your brand with every transaction? Every customized form and cheque uses specific visual elements to help your business stand out and be remembered. Custom Solutions® business forms and cheques capture important information to clearly convey details like payment terms and legal disclaimers. See pages 38-39.

For quick reference to the various product categories, use the colour coding along the outside edge of each page. The colour legend for each category corresponds to catalogue page colours.

HOW TO ORDER CHEQUES

Enhance Your Image.

What do your business cheques say about your company?

For a cost-effective way to reinforce your company image, choose from our wide assortment of enhancements.

Add an optional business design.

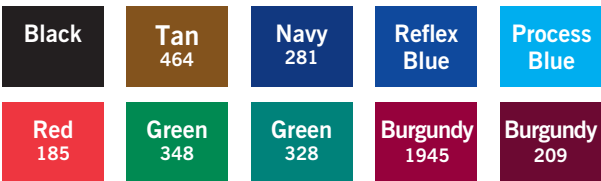

Add an eye-catching look to your cheques and forms. Choose from hundreds of **FREE** business designs (see page 41) or create a custom logo for your business (see page 38).

Add A Splash Of Colour

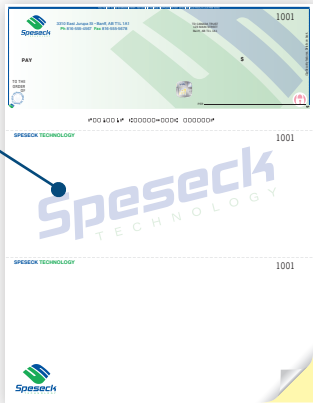

To get your customers to take notice, choose from a variety of ink colours and add dynamic impact to your cheques. Custom colours also available. Extra charges will apply. Call for pricing.

Add a second ink colour to your imprint for an additional charge.

Add a shadow logo and enhance your business image every time you write a cheque. Use your company logo or select a unique graphic from one of our standard business designs (see page 41). Call for pricing.

Need something different?

1 SEND A SAMPLE CHEQUE

A sample cheque (marked "VOID") showing correct MICR encoding is required to process your order. New chequing accounts must include a MICR specification sheet from your bank (no deposit slips please).

2 SPECIFY IMPRINT INFORMATION

Cheques include seven areas of imprinting (shown above) at no additional charge. Consecutive numbering is included in the MICR encoding. A second signature line or other wording in the signature area is available on most cheques.

3 SPECIFY CONSECUTIVE NUMBERING

If a starting number is not specified, 1001 will be used (not available for all cheque styles).

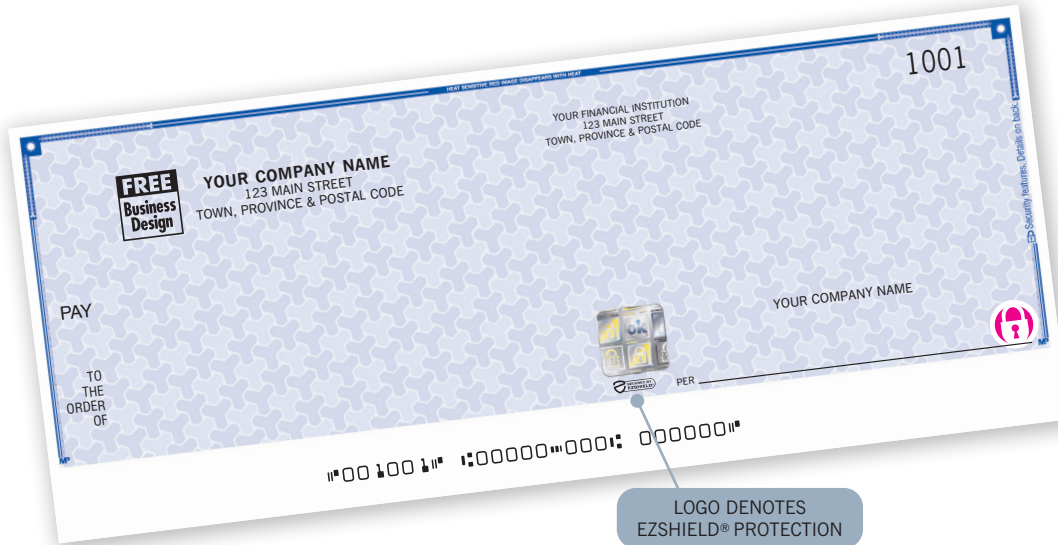

4 CHOOSE A TYPESTYLE

Choose a typestyle for the first line of your imprint (see page 42 for more styles). If no Typestyle is specified, Typestyle 1 will be used.

Protect against cheque fraud

Advanced high-security features deliver peace of mind for only pennies more per cheque.

Cheque images are subject to change as we continue to enhance our manufacturing and security technologies.

Cheque fraud continues to rise and every company is a potential target. Even one incident can disrupt your cash flow and your ability to conduct business. With a dedicated specialist to help you through the process and up to a \$25,000 cash advancement within 72 hours, EZShield® Cheque Fraud

Protection helps keep your business up and running in defined circumstances of fraud (forged signatures, forged endorsements, counterfeit cheques or cheque alteration*) during the time it takes your bank to fully investigate the fraud event.

Don't risk the consequences of cheque fraud. Call today and get peace of mind for just pennies more per cheque.

Basic Terms and Conditions			
Other Service Fees	Product/Service Description	Fees	Fee Details
	Business cheque order	See pages 8-13 and 16-17 for pricing.	Price varies based on style, design, quantity, tax and shipping.
	EZShield® Cheque Fraud Protection	See pages 8-13 and 16-17 for pricing.	If you choose to include EZShield® Cheque Fraud Protection in your order, business cheque orders come with a cheque fraud protection service for 2 years. This service assists you in the event of cheque fraud of forged signatures, endorsements, counterfeit cheques or cheque alteration.*
For more details on EZShield® services, go to businesscfpca.ezshield.com			

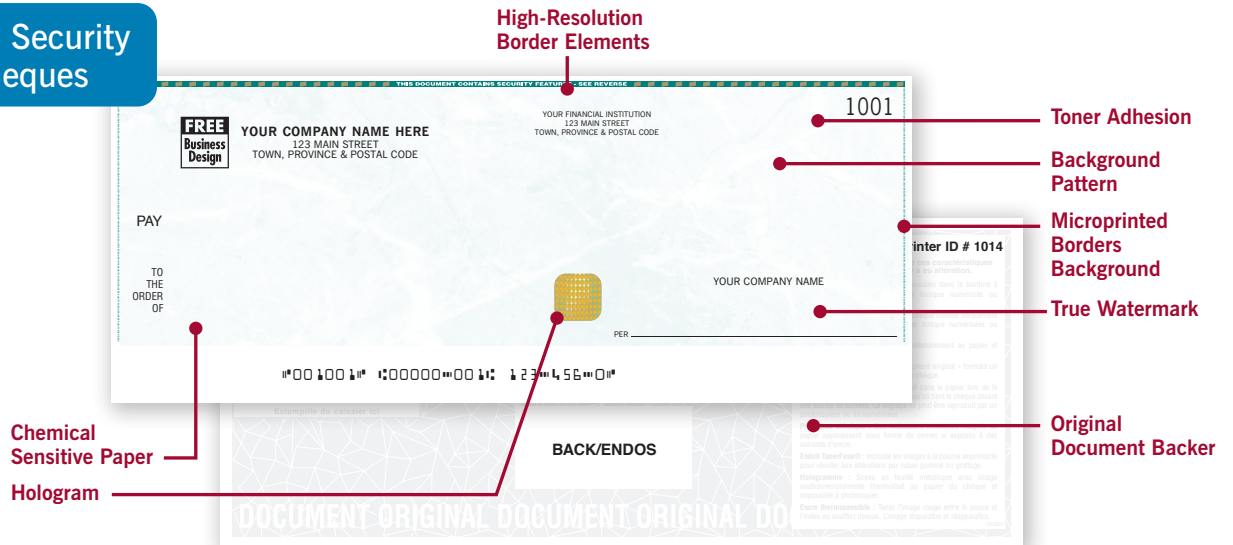

Make your banking easy.

Don't forget to order deposit slips, endorsement stamps and deposit bags. See pages 14-15.

HIGH SECURITY CHEQUE FEATURES

Maximum Protection.

Help get peace of mind with High Security protection, for only pennies more per cheque.

**CUTTING-EDGE
FEATURES!**

High Security Cheques

INTRICATE DESIGN BORDER

Intricately designed border is difficult to reproduce.

HIGH-SECURITY BACKGROUND COLOURS

Copiers and scanners cannot effectively reproduce these designs.

THERMOCHROMIC INK

Ink reacts to heat to deter and detect copying. Holding between thumb and forefinger, the ink will disappear on a legitimate cheque, validating its authenticity.

Look for this icon to identify our High Security Cheques!

ANTI-COPY TECHNOLOGY

This feature makes it very difficult to copy a document on the majority of copiers in use today.

FOIL HOLOGRAM

Our multicoloured, dimensional foil includes **embedded security features** and cannot be reproduced by copiers or scanners.

CHEMICAL-WASH DETECTION AREA

Chemical alteration attempts result in speckling or stains in this lock area.

1001

Endorsement - Signature or Stamp

BACK/ENDOS

ORIGINAL DOCUMENT BACKER

Original document screening deters cut-and-paste alteration attempts.

Printer ID # / NI d'imprimeur 1014

Warning: Absence of the above Security Features may indicate alteration.

Anti Copy Technology: Document made with technology to prevent most copiers from creating a usable copy.

Chemical Protection: Special chemical indicators in the paper appear as stains if exposed to common ink solvents.

Heat Sensitive Ink: Hold red image between thumb and forefinger or breathe on it. Image will fade and disappear.

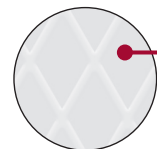

Hologram: Foil seal with multi-dimensional image fused to cheque stock. Cannot be photocopied.

Microprint: Tiny type in border on front of cheque will fill in when scanned or photocopied.

Security Screen: "Original Document" text and pattern visible on back of cheque.

TonerFuser® Coating: Anchors dry toner images to resist alteration by heat pull or scraping.

True Watermark Paper: Pressed into paper during manufacturing, watermark can be seen by holding the cheque up to a light source. Cannot be reproduced by copiers or scanners.

TRUE WATERMARK

Watermark pressed into paper can be seen by holding the cheque up to a light source but cannot be reproduced by copiers or scanners.

Cheque images are subject to change as we continue to enhance our manufacturing and security technologies.

Also includes these security features:

- Chemical-sensitive paper
- Consecutive numbering
- Microprinted borders
- Toner adhesion
- Padlock icon
- Security warning box
- Warning border
- High-resolution border elements
- Colour pantograph background pattern

Transform ordinary business forms into focused business solutions.

We can customize an existing form or create an all-new design unique to your business. Plus, you'll enjoy the additional Custom Solutions® benefits of easy ordering, quick quotes, fast turnaround, and competitive prices.

Logos/Photos

Create a unique, professional image with your company logo or choose from our large selection of FREE business designs. Or, let our design experts create a logo just for you!

Booking

Copies stay neatly bound into books with a wrap-around cover. The cover protects the entire book and doubles as a divider to separate the current form from the rest of the book.

Hole Punching

Make storage easier by adding two-hole or three-hole punches.

Ink Colours

In addition to standard Reflex Blue or Black ink, you can choose from over 1,000 Pantone Matching System® and CMYK ink colours!

Paper Colour Sequence

Change our standard colour sequence to any sequence you want — and choose from seven paper colours!

Padding

Take single-sheet forms and let us bind them in pads that are easy to carry and use.

Graphic Design

Add or change lines, type, column headings, checkboxes, business terms, a benday and colour to increase functionality and promote your brand.

Back Printing

Include special terms, warranties or clauses on the back side of your forms to protect your business. Or, use the space to advertise additional services.

Perforations

Add perforations that tear off neatly for sections like customer receipts or claim checks.

Consecutive Numbering

Help organize your records,
eliminate mistakes and save
precious time searching
through your archives.

Screens

Highlight key information with a hint of colour or use your logo as the background on a cheque or form.

SECURITY:
Foil Hologram

Our multicoloured, dimensional foil includes embedded security features and cannot be reproduced by copiers or scanners.

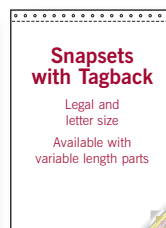

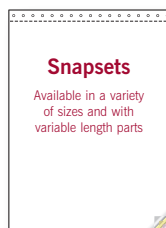

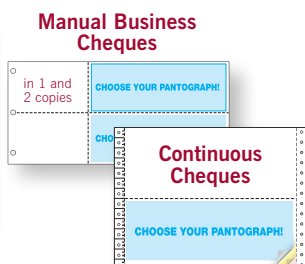

Bleeds

Printing to the edge of a cut sheet gives your form a finished look. It's a professional touch some printers can't offer!

Block Outs

Keep sensitive information off one or more copies of a form — great for packing lists!

What can you customize? Take your pick.
